

drug safety

FORUM²⁰₂₅

Current and Future
Opportunities for Improving
Translational Safety

Wellcome Collection, 183 Euston Road, London

October 15th 2025

9am - 5pm

Time	Title	Speaker
9:00 - 9:45	Arrival and Registration	
9:45 - 10:00	Introduction	Dr Richard Knight, Apconix
Opening Keynote		
10:00 - 10:30	Data science in translational drug safety	Professor Ruth Roberts, Apconix
Morning Session		
10:30 - 11:00	TBC	TBC
11:00 - 11:30	Validation and application of NAMs for developmental toxicity testing to predict human safety	José M. Horcas Nieto, Toxys
11:30 - 12:00	Structure activity relationships to help avoid ion channel-related CNS liability	Dr Louisa Zolkiewski, Apconix
12:00 - 12:30	Panel Discussion NAMs and Decision Making: Where Are We?	
12:30 - 13:30	Lunch Break	
Afternoon Session		
13:30 - 14:00	Accelerating Drug Development: Translational PK/PD Modelling for Clinical Success	Jake Dickinson, Seda Pharmaceutical Development Services
14:00 - 14:30	Immunogenicity in drug safety	Dr Sean Hammond, Apconix
14:30 - 15:00	Coffee / Tea	
15:00 - 15:30	How to build a robust weight of evidence for ICHS1B carcinogenicity assessment	Dr Richard Haworth, RosettaPath
15:30 - 16:00	Bridging the Gap: Advancing Translational Safety Through ICH S7B, S7A, and Secondary Pharmacology	Jean-Pierre Valentin, UCB Biopharma SRL
16:00	Panel Discussion Nonclinical-Clinical Translation: What Are the Current Challenges?	
17:00	Close
